Mercy Hospital and Unity Campus Parking Information

Parking Permit Requirements:

All students and on-site faculty will need to obtain a parking permit.

- Obtain a parking permit on your first day on-site from the Security Department Office.
  - If no one is in the office, use the phone outside the office to request assistance.
  - Allow extra time on your first shift to obtain the permit and to display it in your vehicle.
- All students and on-site faculty are EXPECTED to park in Employee Parking (see maps linked below).
- Displaying Parking Permits: Vehicle owners/operators must display current correct permit by hanging the permit from the rearview mirror of the vehicle, with the permit number clearly visible.
- Overnight Parking: designated overnight parking is provided on both campuses from 2230 to 0730. See campus parking maps for specific locations on each campus. If your shift starts prior to 2230 or ends after 0730, you must move your vehicle to be compliant with the overnight parking times.
- All parking permits MUST be returned on your last day on site.
- Any violation of the parking policy can result in a parking citation or towed at the owner's expense.

Parking Maps:

Mercy Parking Map: See page 2.

Unity Parking Map: See page 3.
